metrical versions of early pdf

An early metrical version of the psalm in English was made in 1565 by Thomas Sternhold. Other metrical versions to emerge from the Protestant Reformation include those from The Bay Psalm Book (1640) and a version influenced by Sternholm published in the Scottish Psalter (1650). The latter version is still encountered, with modernized spelling, in many Protestant hymns.

If you had a psalter arranged in Common Meter, you could have a great time singing the Psalms to a variety of tunes. They are beautiful when sung well in rich four part harmony, a cappella (without instrumental accompaniment). There are lots recordings of metrical Psalms on YouTube, many which came from actual worship services. Great fun!

The history of science in early cultures refers to the study of protoscience in ancient history, prior to the development of science in the Middle Ages. In prehistoric times, advice and knowledge was passed from generation to generation in an oral tradition. The development of writing enabled knowledge to be stored and communicated across generations with much greater fidelity.
