This is my trusty sewing machine- I've posted about her before. I get alot of request for the manual (last count 55!!) over on the old blog, and while I enjoy reading the stories behind where everyone is getting their new-old machine from, it's getting kind of hard to keep up, plus I know how much more satisfying it is to hit download and for the manual to appear!

The most versatile of all sewing machine feet has to be The Walking Foot.. For years I have eavesdropped overheard sewists bragging about a sewing machine foot called the Walking Foot. Conversations would go like this, "I used my Walking Foot on the binding," or "You will have to use your Walking Foot for sewing with knits."

I have a Brother XR3140 sewing machine and when I first bought it, it worked great. I've only had it for a few months and it's not working anymore.
