Details - Paley's Natural theology : with illustrative

The study of natural theology needs to be better integrated into three contexts – the doctrinal, confessional, and chronological. Doctrinally, natural theology does not stand alone but needs to be understood within the context of the theology of revelation, justification, and the effects of the Fall.

Natural theology and natural philosophy in the late

Natural Theology Rodney D. Holder Summary Natural theology is concerned with what we can know about God purely by being human and thinking about the world, apart from any special revelation, and science has often been a resource for this discipline. In the twentieth century its validity as an enterprise of theology proper has been seriously questioned.

Natural Theology - faraday-institute.org

In Natural Theology William Paley set out to prove the existence of God from the evidence of the beauty and order of the natural world. Famously beginning by comparing the world to a watch, whose design is self-evident, he goes on to provide examples from biology, anatomy, and astronomy in order to demonstrate the intricacy and ingenuity of design that could only come from
