No. In addition to direct observations, other good sources of content for children's drawings include, their imaginations (another important area of brain development), their everyday experiences, their memories, and special events (both good and bad) in their lives (important for emotional development). We motivate children to elaborate more more in their drawings by asking them open ...

The Voynich manuscript is an illustrated codex hand-written in an unknown writing system. The vellum on which it is written has been carbon-dated to the early 15th century (1404–1438), and it may have been composed in Northern Italy during the Italian Renaissance. The manuscript is named after Wilfrid Voynich, a Polish-Samogitian book dealer who purchased it in 1912.
