occupational therapy practice guidelines pdf

Occupational therapy (OT) is the use of assessment and intervention to develop, recover, or maintain the meaningful activities, or occupations, of individuals, groups, or communities. It is an allied health profession performed by occupational therapists and Occupational Therapy Assistants. OTs often work with people with mental health problems, disabilities, injuries, or impairments.

Occupational therapy - Wikipedia

The new Australian occupational therapy competency standards (the competency standards) have been in effect since 1 January 2019. The Occupational Therapy Board of Australia (the Board) expects all occupational therapists to understand and apply them in their practice.

This Journal recommends that authors follow the Recommendations for the Conduct, Reporting, Editing, and Publication of Scholarly Work in Medical Journals formulated by the International Committee of Medical Journal Editors (ICMJE).

British Journal of Occupational Therapy | SAGE

One of the most critical skills that occupational therapists must learn is effective documentation. With that idea in mind, Documentation Manual for Occupational Therapy: Writing SOAP Notes, Fourth Edition presents a systematic approach to a standard form of health care documentation: the SOAP note. The clinical reasoning skills underlying SOAP note documentation can be adapted to fit the ...
