Chinese translation. This updated Good Publication Practice (GPP) guideline, known as GPP3, builds on earlier versions and provides recommendations for individuals and organizations that contribute to the publication of research results sponsored or supported by pharmaceutical, medical device, diagnostics, and biotechnology companies.

Good Publication Practice for Company-Sponsored Research

Residency as an opportunity for advanced training in a medical or surgical specialty evolved in the late 19th century from brief and informal programs for extra training in a special area of interest.

Residency (medicine) - Wikipedia

Emergency department crowding threatens quality and access to health care. Many of these are errors of omission rather than errors of commission since the emergency staff must simultaneously care for inpatients and focus on the new emergencies coming in the door.

A staggering number of clinical trials fail to meet recruitment goals, which leads to delays, early trial termination, or inability to draw conclusions at trial completion due to loss of statistical power.

Barriers to Clinical Trial Recruitment and Possible

Hydroxycarbamide, also known as hydroxyurea, is a medication used in sickle-cell disease, chronic myelogenous leukemia, cervical cancer, and polycythemia vera. In sickle-cell disease it increases hemoglobin and decreases the number of attacks. It is taken by mouth. Common side effects include bone marrow suppression, fevers, loss of appetite, psychiatric problems, shortness of breath, and ...

Hydroxycarbamide - Wikipedia

Many clinical practice guidelines recommend similar approaches for the assessment and management of low back pain. Recommendations include use of a biopsychosocial framework to guide management with initial non-pharmacological treatment, including education that supports self-management and resumption of normal activities and exercise, and psychological programmes for those with persistent ...
